BASE is the starting point to create the ideal workspace

**Low Desk
2 Clusters**
Width 1500mm
Depth 11480mm
Height 720mm

**Low Desk
4 Clusters**
Width 3200mm
Depth 1500mm
Height 720mm

MATERIALS

BASE is composed of Steel (85%), Wood (10%) and Fabric (5%) for a typical cluster of 4

RESOURCE USE & RECYCLED CONTENT

Products are designed for long life and resource reuse. At the end of life BASE is approximately 45% recyclable when fully separated.

Packing materials include cardboard, polyethylene and polypropylene, all of which can be recycled and diverted from landfill.

REGIONAL MATERIALS

Product is manufactured in Shenzhen, China and assembled on site minimizing shipping and trucking volume as much as possible.

Approximately 50% is manufactured regionally by an ISO 9001 and ISO 14001 certified factory.

INDOOR ENVIRONMENTAL QUALITY (IEQ)

Low -Emitting materials, paints and coatings are used. All powder-coating is free from VOC emissions.
